"The 1913 Tigers are not in a class with the Tigers of 1907-8-9." says Manager Jennings. "I do believe, how-ever, that the team this year is su-perior to the team of 1910 or the team of 1911, and I know it is fully 15 per cent. stronger than the club of 1912. The outfield is just as strong as the outfield of the pennant winning years; the catching staff may be slightly stronger, but the infield is weaker, and I do not believe that the present pitching staff is as strong as the one that worked for us when we won pennants."

New York, April 17.—The New York Americans opened their season here today under ideal weather conditions, but played poor ball and lost to the Washingtons 2 to 3 before a large crowd that had turned out to greet the team under its new manager, Frank Chance, Groom pitched a fine game, holding the New Yorks to four hits. McConnell, for the locals, did well up to the sixth, when two singles through the box by Foster and Gandil gave the Nationals three runs and the lead. Schulz, a young left hander, pitched the ninth inning for New York and the visitors batted him at will. The Washingtons were as steady as a rock behind Groom, while the locals' fielding was wobbly. It was a fumble by Hartzell which led up to McConnell's upset in the sixth. A one handed catch by Shanks of a hard drive from Hal Chase's bat was the fielding feature.

Before the game Manager Chance was presented with a set of resolutions engrossed upon the face of a floral bower ten feet in diameter. The resolutions welcomed Chance to New York and were signed by several hundred aprominent New Yorkers. Chance re-

I feel that Dr. Kilmer's Swamp-Root saved my life. I inherited weak kidneys. The discharge was so frequent and painful that I would have to stay in bed to obtain temporary relief. I consulted good physicians but the results were disappointing. My landlady advised me to try Swamp-Root as the last resort, which I did and I was quickly relieved.
